GEO INTEREST

Interest in GEO: steady, then down

Readers a day of the Wikipedia article on generative engine optimization.

Wikimedia Pageviews API, en.wikipedia “Generative engine optimization”, human readers, 1 Aug to 4 Nov 2026, 7-day average. Not search volume.

Dafne Gutiérrez

About 294 readers a day for twelve weeks

Then lower since late October. One article is one signal, not the market.

Same data. Average 294 a day from 1 Aug to 23 Oct 2026 (lowest day 151, highest 602). Index: 7-day average divided by the first week.
